WEEKEND DAY WALKS

Meeting times and places

The normal departure time is 9.00am, unless shown otherwise (highlighted with ***). **Please arrive 10 minutes before the departure time to allow the leader time to organise the car-pooling.** The usual meeting places and their symbols are shown below. **Please do not stand on the roadway at the meeting place, obstructing traffic.**

- K:** Kambah Village shopping centre car park, corner Drakeford Drive and Marconi Crescent, opposite the petrol service station
- NL:** North Lyneham shops, Colville St, off Montford Circuit, off Cossington Smith Crescent
- Q:** Queanbeyan Swimming Pool car park, Campbell Street
- S:** Spotlight Queanbeyan car park, 6-8 Bungendore Rd (aka Kings Highway)
- W:** The Weston Creek Tennis Courts car park, in Dillon Close, which comes off Namatjira Drive directly opposite and north of McDonalds at Coleman Court.

Cancellation of walks

Walks are likely to be cancelled if heavy rain or high temperatures are forecast, or a total fire ban is in force. If warnings are issued or you are unsure about conditions, contact the leader at least a day in advance about possible changes. If there are fewer than four people the walk cannot proceed as an official club activity.

Transport

Car sharing is arranged at meeting places. The contribution for each passenger is shown in the walk description and must be paid to the driver in cash. It is currently based on 14 cents per passenger per kilometre, rounded to the nearest dollar. In addition, any National Park and Nature Reserve entry fees are usually divided equally among all people in the car.

Drivers unsure of the route should ask the leader to wait at significant corners. A tail car may be nominated by the leader. Convoys inconvenience other drivers, so please allow plenty of room for overtaking traffic.

Start and finish

Day walks usually leave the cars by 10.00am. The time of return to the cars cannot be guaranteed, but it will usually be by 4.00pm in winter and 6.00pm in summer. Some walks may start earlier and end later, and this will be indicated in the walk description. It is our custom to bring a thermos and enjoy a friendly chat after walks before driving home.

DAY WALKS ON WEDNESDAY

Short/Easy Wednesday walks

These half-day walks of 10km or less will be held throughout the year. The club would value your suggestions. If you are interested, come and try some of the walks.

Easy/Medium Wednesday walks

These walks are conducted every Wednesday in cooperation with the Canberra Bushwalking Club (CBC) and the National Parks Association (NPA). They are graded at the upper level of 'Easy' or the lower level of 'Medium'. They will usually take most of the day but will be easier than the Medium/Hard Wednesday walk to be conducted on that day.

Medium/Hard Wednesday walks

These walks are conducted every Wednesday in cooperation with CBC and the NPA. These walks will be graded Medium (grade 8) to the lower end of Hard (grade 12) and sometimes difficult or exploratory.

Notification of Wednesday Walks

Descriptions of Wednesday walks are emailed separately to interested members a few days before the walk. Members wishing to regularly receive details of these walks need to send a request showing their name and email address to ewwcontact@brindabellabushwalking.org.au for the Short walks, and/or mediumww@brindabellabushwalking.org.au for the Easy/Medium and Medium/Hard walks.

LATE RETURN FROM A WALK

Let your family know where you are going and the contact details of the club's Emergency Officers – see front cover for contact details.

There can be many simple reasons for a walk finishing later than expected and, if the group is beyond mobile phone coverage, they cannot tell anybody the reason. If it is many hours later than expected, family members can contact one of the club's Emergency Officers who can begin activating emergency procedures. The ACT and/or NSW Emergency Services will not initiate any search or rescue activities until the next morning unless a Personal Locator Beacon (PLB) has been activated. Upon return, leaders of overdue parties must contact the Emergency Officers as soon as possible.

INSURANCE

All members of Brindabella Bushwalking Club are covered for public and product liability insurance through our affiliation with Bushwalking NSW. This insurance cover is negotiated for all bushwalking clubs throughout Australia by Bushwalking Australia. All members sign an acknowledgement of risk each time they attend a club activity. Members are NOT covered for personal accident insurance, which remains the responsibility of individual members. Members may feel it necessary to insure themselves against any personal accident or injury that might occur while undertaking club activities.

Members and visitors participating in club activities are strongly advised that they should have some form of ambulance insurance in case of an accident requiring evacuation by emergency services.

DEVELOP YOUR BUSHWALKING SKILLS

The club wishes to encourage members to improve their skills in navigation, first aid and more advanced bushwalking. The club sponsors an accredited first aid course every year. Further information is available on the club's website: www.brindabellabushwalking.org.au

WALKS LEADERS

The club welcomes new leaders and new ideas for walks. If you are interested in leading or in finding out more, please feel free to talk to walk leaders, the Walks Officer, or other Committee members. Detailed *Guidelines for Leaders* are available on the club's website at: <https://www.brindabellabushwalking.org.au/wp-content/uploads/2023/10/BBC-Guidelines-for-Leaders-October-2023.pdf>

The club has two Personal Locator Beacons (PLB) and an extensive collection of local maps, available for loan.

SAFETY ON WALKS

The club encourages safe bushwalking practices by asking that all individuals on any walk be aware of the need to look out for the welfare of others in the party, especially the less experienced members of the party. The leader will follow the leader guidelines set down by the club, but there is a mutual obligation on other walkers to raise any concerns they may have about the route, weather, tired walkers, etc. with the leader and fellow walkers. Don't suffer in silence.

Walking in wilderness or remote areas also has its hazards if an emergency occurs. Walk leaders going into wilderness or remote areas may ask the club for the use of a personal locator beacon (PLB). For details contact the Walks Officer or see front cover for contact details. Such an emergency beacon, however, should only be used in life-threatening situations since their activation triggers a national and international rescue procedure and actions by the police and rescue services. Walkers should consider all other options for the safe return of the party before considering the activation of a PLB.

ENJOYING BUSHWALKING

Bushwalking is an active recreation. The aim of the club is to facilitate enjoyment of the bush, safely and in good company. Each walker must be aware of the hazards and be prepared for them. If in the leader's opinion a walk is not suitable for someone, the leader has a right not to accept that person on the walk. The club expects all members and visitors to follow the advice given below:

- If you have doubts about your ability to undertake bushwalking, please consult your doctor beforehand.
- For your enjoyment and safety, and that of others, it is important that you read the walk descriptions carefully and understand them. If you have any doubts, phone the leader beforehand. Leaders' contact details are always given in the program.
- You should select an easy walk for your first walk, unless you are very experienced and the leader approves. Walkers with fitness problems and new members should stay with walks graded 'Very Easy' or 'Easy' until confident of their ability to undertake harder walks.
- If walking with children, make sure you choose a walk that they can manage comfortably. Most walks that are under 10km and over easy terrain are suitable for children of, say, seven years and older.
- Most day walks take the party several hours away from car or phone, and pack walks often much further away.
- All walkers must take their own first aid kits – see the Rules for Walkers for details. The club cannot guarantee that there will be someone in each party with first aid qualifications.
- Bring sunscreen and insect repellent as appropriate. Flies are likely to be a nuisance in summer.
- Unless the leader has indicated otherwise, always assume you will need to bring lunch with you.
- Visitors are welcome on all walks, but they must discuss the walk and their own experience with the leader before going to the meeting point. If you have doubts about your ability to keep up with the group on a particular walk, do not attempt the walk.

RULES FOR WALKERS

- You (including visitors) must register on the Walk Report form, which includes a risk acknowledgement.
- Advise the leader of any physical or other limitation, or any dependence on medication, that may require urgent attention during the activity (e.g. insect allergy medication)
- There is a limit of 3 walks as a visitor - after this, visitors must apply for membership.
- Discuss your suitability with the leader beforehand if you plan on participating in a walk of a higher grade than you have done before.
- No person under the age of 18 can participate in a BBC walk unless accompanied by a parent, guardian or other adult who is authorised by the parent or guardian. This 'responsible person' must sign the Walk Report form.
- Dogs and firearms are not allowed.
- Bring lunch and plenty to drink with a minimum of 1 litre per adult and 1.5 litres per child in normal weather and 2-3 litres for hot weather. You may wish to have hot water for morning tea and lunch.
- Dress appropriately and always bring a hat, waterproof jacket or coat, and warm clothing, e.g., polar-fleece, thermals, gloves and warm headgear, for unexpected cold weather.
- Strong footwear with thick treaded soles is recommended. Walking boots with thick socks are best; joggers may be adequate for easy and medium terrain; if in doubt, contact the walk leader.
- Walkers must carry a first aid kit containing, as the minimum, a wide compression bandage (for snake bites, sprains and breaks), some wide micropore surgical tape (all-purpose), bandaids and pain killers. Some first aid needs arise more often than others: sunburn, thorn pricks, insect bites, abrasions and bruising from falls, blisters, heat exhaustion, and sprains and strains from slipping on rock or wet wood. Snake bite is always a possibility and tick bites can occur in NSW coastal areas.
- Carry everything in a backpack so that both hands are free.
- Keep together. Use the same route as the leader and do not get ahead of or behind the party. Keep the walker in front **and** behind in sight - call the leader to stop if necessary. If the party is large, a tail person is usually appointed to monitor slower walkers. The most common causes of separation are getting ahead of the leader, stopping to take photos or making a toilet stop without telling anyone. Do not assume you can drop behind and then easily catch up.
- If you do become separated, stop and call out. Do not keep walking. Wait in a visible place even if you have to wait some time. The leader will return for you. Call out at intervals.
- Be aware of fellow walkers – if a problem is apparent, advise the leader.
- Let the leader know if you are having any difficulties.
- If you want to leave the walk for any reason, you must consult the leader first – and abide by the leader's ruling. Do not assume you will get approval.
- The club endorses minimum impact bushwalking. Avoid damaging the bush environment, leave absolutely no litter, and do not burn plastics or aluminium in fires.
- Call for a stop at the first sign of a blister or other injury. The party will gladly stop for a rest while any necessary first aid is given. If you use someone else's supplies, replace them.
- If the leader is making a head count, assist by standing still.
- Avoid using mobile phones. If you must, then move well away from others.

THE GRADING SYSTEM

Walks are graded by experienced walkers, but a grading will always be somewhat subjective. The difficulty of a walk can be greatly affected by changes in the weather, vegetation and track conditions. Note that the harder walks are carried out faster, with shorter and fewer stops.

Walk descriptions include the approximate distance, total climb and notes on the terrain, and are the best guide to the degree of difficulty. These factors are scored in the grading system, and the total score is used to grade each walk – see the tables below. Regular walkers will learn to match their capabilities to them.

FACTORS

Dist. (km)	Score	Total Climb (m)	Score	Terrain	Score
		900	6		
21	5	700-899	5	Mostly rough going	5
16-20	4	500-699	4	Moderately rough going	4
11-15	3	300-499	3	Some rough going	3
6-10	2	100-299	2	Mostly road, track or footpad, no rough going	2
0-5	1	0-99	1	All road, track or footpad, no rough going	1

Note. Rough going includes medium or heavy scrub; rocky, loose or slippery ground; rock scrambling; and stony creek crossings.

GRADING

Total Score	Grade	Comment
15-	Very Hard	Strenuous walking. Fit and experienced walkers only.
12-14	Hard	Demanding walking. Fit and experienced walkers only.
8-11	Medium	Moderate fitness and bushwalking experience is required. People who have not been on a full day's bushwalk before will find these quite difficult.
4-7	Easy	At the lower end (Grade 4), these are suitable for people with little or no bushwalking experience. The degree of difficulty increases with the grading score.
3	Very Easy	Distances up to 5 km; urban or nature park rambles; suitable for family groups, including young children needing to be carried.

Note. Total scores are included with the grading in the walk descriptions, e.g. Medium (9)

WALKS AND SOCIAL PROGRAM JULY – DECEMBER 2024

WALKING TRIPS AWAY

**Tue 17 Sep to Thu 19 Sep – MURRAMARANG SOUTH COAST TRACK – 34 km –
Medium – limit of 16 walkers.**

Leader: Wayne Holgate (0420 359 223, wmholgate@gmail.com). Walk the spectacular coastline on Murramarang South Coast Walk, located between Ulladulla and Batemans Bay. Connect coastal villages and explore beautiful tall forests, secluded beaches, dramatic rock platforms and crystal blue water. The Murramarang walk will be walked as two day-walks, with some car shuffles each day (petrol costs of ~ \$20). We'll stay at Murramarang Beachfront Holiday Resort, arriving on Tuesday 17 September with a meeting at 5pm to talk about logistics of the walk. Dates were chosen due to low tide being in the middle of day. If partners (non-walkers) come they may be able to help with transport. There will most probably be a total of 760m climb over two days but lots of small climbs. It will be up to walkers to arrange their own accommodation, but they must contact the leader first. Maps: Kioloa, Durras.

Wednesday – Pretty Beach to Murramarang. 18km (8). Drive to Pretty Beach and walk south to Murramarang. The only issue with this day is if Durras Lake is open to the sea, then you could get wet crossing.

Thursday - Murramarang to Maloneys Beach. 16km (8). Beautiful walking in spotted gum forest most of the way.

Contact the leader by 6 September to confirm a place before booking accommodation.

Sun 10 Nov to Sat 16 Nov – WALKING IN TUMBARUMBA

Leader: David Wardle (0418 695 142, wardle@webone.com.au). We will spend six nights at the Laurel Hill Forest Lodge in Tumbarumba. <https://www.laurelhillforestlodge.com.au/>. Current thoughts are for three days on the Hume and Hovell Track, one easier day possibly to Paddys River Falls and one day walking or cycling on the Tumbarumba Rail Trail. Accommodation is in the Lodges on a twin-share basis. However single accommodation is available for an additional cost. You will need to supply your own sheets, blankets, pillows and towels. All meals are provided. The cost for the six nights is \$600.00 per person twin share. \$100.00 deposit is payable on registration and the balance by 25 October. For further details please contact the leader.

Let the leader know by 25 October if you wish to join this trip.

Tue 26 Nov to Fri 29 Nov – WALKS IN THE ROYAL NATIONAL PARK (near Bundeena, NSW) – Easy/Medium walks.

Leader: Bob Chittenden (6231 0856). Bonnie Vale camping ground is in the Royal National Park and has reopened after a number of years of closure. It now boasts over 30 powered sites, over 40 non-powered sites, two shower blocks with flush toilets, but no cabins. There are four BBQs and tables scattered throughout the camping ground. There is a nice clear tidal river swimming spot a hundred metres from the camp and if you wish, just sit on the bank and watch the fish that hang around the rocks. If you keep walking up the hill, there is a decent coffee shop at the top. There are a couple of coffee/takeaway and grocery shops in town and a club if you desire an evening meal. After we set up camp on Tuesday, we spend a couple of hours walking through town to the beach to view the Aboriginal rock carvings. Wednesday and Thursday we walk the ever-changing coastal track. We leave the camping ground on Friday and those who wish, may take the scenic ferry ride to Cronulla for a look around town, plus a coffee and pie (plenty of parking at the ferry terminal). You shall need to book your campsite early as this is a very popular spot. Powered site for three nights ~ \$130, unpowered ~ \$106. Cars: 600km round trip (\$84). You shall also need a Park Entry Pass (~\$12/day). **Please let the leader know by 12 November if you wish to join this trip.**

Once we arrive at the saddle, we'll have a rest or explore some rocks, then continue to the large fen of sedge, called Nursery Swamp, where we'll have lunch. We return the same way. Climb: 260m. Sun 22 Dec – WALKING AND BIRDING IN THE ROB ROY NATURE RESERVE SOUTHERN SECTION – 16 km Medium/Hard (12)

Leader: David Dedeńczuk (0417 222 154, david.dedenczuk@gmail.com). The southern section of the Rob Roy Nature Reserve is rarely visited, by reason of limited access, adjoined as it is by

private property on several sides. The intended route avoids the private property, but in so doing is quite a long and (at times) scrubby walk. The intended route is largely across untracked terrain, and at one point requires pushing through kunzia scrub near to Guises Creek. We park cars on Angle Crossing Road, and then walk north, cross country, through the undulating woodland of the Gigerline Nature Reserve. Thence it's across Lobbs and Guises Creeks (and some scrub) before reaching the objective area – the Rob Roy NR southern section. We will likely climb one of the fire trails there and have lunch at the northern boundary of the section, taking care not to enter the private property beyond. After lunch, we retrace our steps back to the cars. Expect frequent stopping to list the birds seen and heard. Please bring lunch, water, gaiters and sun protection. Climb ~500m. Cars: 60km (\$8). Map: Williamsdale. **Meet at K at 8am. *****
